This is a Tier 2 Final Environmental Impact Statement (FEIS) for Section 5 of the I-69 Evansville to Indianapolis project. Section 5 is the portion of this project from Bloomington to Martinsville, IN and is approximately 21 miles in length. This project will upgrade existing State Road 37 to Interstate standards. A series of alternatives has been analyzed for environmental, social, economic, and engineering concerns. The highway is a freeway facility with interchanges providing the only access. The preferred alternative is Refined Preferred Alternative 8.
